PROJECTS

Portfolio Website

An Online Portfolio Website

- Designed and deployed a responsive web application to showcase full-stack development capabilities, demonstrating proficiency in modern web frameworks and UI/UX design.
- Implemented responsive UI components using Tailwind CSS to maintain design consistency across all devices and screen sizes.
- <https://bharatportfolio-bharat0821s-projects.vercel.app/>

QuizzHere

An Online Quiz Platform

- Designed, developed, and managed an interactive quiz-based website using React.js, ensuring smooth functionality and an engaging user experience
- Managed application state and user interactions efficiently, including question flow, answer selection, and score calculation.
- <https://quizzhere2110.vercel.app/>

Tic Tac Toe

Tic Tac Toe Game

- Developed an interactive Tic Tac Toe game using React.js with clear game logic and turn-based functionality.
- Implemented win, draw, and reset conditions using efficient state management and conditional rendering.
- Designed a responsive and visually consistent UI using Tailwind CSS for an improved user experience.
- Optimized the game logic to ensure smooth gameplay and accurate result display.
